Highlights

6 m cable

Extra long 6 m cable for you to connect your headphones to the TV or any audio equipment.

Comfortable to wear

This headphone is designed around the shape of your ear for extra comfort and more enjoyment during longer periods of listening.

In-line volume control

Adjust the volume to your preferred level without having to go to the audio source unit.

Single-sided cable

The cable is conveniently connected to just one side, considerably reducing the risk of tangling and simplifying winding the cable up for storage.

Unique cable locking mechanism

Paying attention to even the smallest detail, the acoustic engineers refined the design of the locking mechanism to ensure the detachable cable does not accidentally come loose.
